BUTLER BOOTCAMP

OUR MOST INTENSIVE TRAINING YET

Dear applicant,

we constantly look at a changing world. This is no different for our profession. A few years ago we launched our philosophy of 'everyone butler'.

Therefore it is our privilege to present the Summer Butler Bootcamp. A two week intensive training that can not be compared to anything else out there. It is residential, it is challenging you to serve real guests and it is the solution to get certified as a professional butler.

You will be able to start your career after this training. That is our guarantee.

Kind regards,

Vincent Vermeulen
Managing director

INFORMATION ABOUT THE BUTLER BOOTCAMP

Grow as a butler on your own pace and budget for it takes a moment to become a butler but it takes a lifetime to stay one...

PREPARATION **A UNIQUE PROGRAM REQUIRES SOMETHING** - This program is not for everyone. The bootcamp is specifically designed for butlers with already some experience but want to freshen up their knowledge or students who have enrolled in the online training.

UNIQUE **THE ONLY ONE IN ITS KIND** - This training is unique in the world. You will get to work and study as a butler at Domain Canteclae. Our 85000 square foot domain with a stunning garden in summer is the perfect setting to become a professional butler. We combine intensive training with real live butler work. This is the only 2 week training on the planet who offers all of these features.

YOUR CAREER **GET CERTIFIED AND SUPPORTED** - After this training we will certify you as butler. Your certificate will open doors to potential positions and put you in contact with an extensive network. On top of that you are part of our family and that means we keep supporting you.

WHAT YOU WILL LEARN

Combined with your previous knowledge, this program will add the practical skills you need to become a top notch butler.

WEEK 1 A NEW LIFESTYLE - The first thing we do in this training is teaching you a new way to approach guests. Your way of talking to someone and your overall body language will get a make over. This will build self confidence and give you the basic tools to behave as a butler.

On the second day we get of our chair and start dressing tables immediately. Once the table is set to perfection we start introducing you to table management. Even if you have attended a hotelschool, you will learn things you have never heard about. Our knowledge comes from experience, the best restaurants in the world and different cultures. All this combined will make you an expert in table service, in only 5 days.

Next we launch into wardrobe care and give you a lot of advice on dress codes and how to be dressed for success.

To finish these 5 intensive days we give you many ideas on eventing and show you what to pay attention to if you want to lift any lunch or dinner to the next level.
